EDITORIAL NOTES.

It is not surprising that Blanco should have issued an order banishing all foreign newspaper correspondents from Cuba; he doesn't wish the outside world to know how badly off he is.

The Jack Astor Battery is getting almost as much advertising as Teddy's "rough riders."

That Wall street regiment seems to have been like a great many other things started in that locality—a fake.

He ought to be, and probably will be Captain Hobson when he gets out of that Spanish prison.

One of the best things taught in our navy is to hit what is shot at.

The war-revenue bill provides for bonds, owing to a division of the Democrats in the Senate, just as Mr. McKinley wanted it to do.

If Congress doesn't look out some very questionable legislation will be put through under the "war measure" label.

We trust that no Democrat will vote for the adjournment of Congress until the war has closed and the terms of peace been approved by Congress. To do so would be to make a serious mistake.

Senator Wolcott is unduly sensitive over any reference to the failure of the Bimetallie Commission's visit to Europe. He couldn't help the inevitable and nobody holds him responsible, unless it be himself.

WAR NOTES.

Late details of the fight last Saturday night and Sunday morning between United States marines and Spanish troops at Guantanamo, Cuba, show that there was desperate hand-to-hand fight for hours. Swords and pistols were freely used. Lieutenant Neville and Shaw, who were reported missing, are safe.

Four Americans were killed, Washington, June 14.—The secretary of war to-day laid before the cabinet the fact that the invading army to Cuba will reach Santiago on Thursday; the first expedition to the Philippines is due at Manila now; the second expedition is boarding at San Francisco and will sail tomorrow. The troops for the Porto Rican campaign are mobilizing.

YELLOW JAUNDICE CURED.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters, and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hegarty, Lexington, Ky." Sold by McCrum Drug Co.

OUR FLAG IN CUBA.

The invasion of Cuba by the American forces began Saturday. Six hundred marines have pitched their tents about the smoking ruins of the outer fortifications of Guantanamo, and the Stars and Stripes, for the first time float from a Spanish flagstaff in Cuba. To Captain Clark and the battleship Oregon belongs the honor of accomplishing the first successful landing of the war.

Forty marines from the battleship went ashore and occupied the left end of the bay, until the troopship Panther arrived, with 800 marines. These under command of Lieutenant-Colonel R. W. Huntington, arrived at 3 o'clock, and within half an hour they had burned the buildings of the Spanish camp, and had set fire to the miserable little village which crouched on the beach under the hill-top of Guantanamo.

The whole operation of silencing the guns and landing the forces was as easy as placing a Sunday-school picnic. The Marblehead, backed by the Vixen and Dolphin, opened fire on the earthworks Friday. The shore to the right of the entrance was lined with guns and rifle-pits, but the Spaniards stampeded after firing a few rounds. The main fort lies within the city limits and is still to be reduced, but it is not in a difficult position, and the American officers say it can be taken in fifteen minutes, when desired.

SPANISH SKEDADDLING.

No attempt was made to land until the Oregon steamed in early Friday. Captain Clark immediately sent forty marines ashore, and twenty from the Marblehead followed. They found evidence of a very hasty departure by the Spaniards. Watches, hammocks, and ammunition were scattered about the earth works, and a Spanish flag was found in one of the rifle pits.

The little detachment of marines held the place until the Panther arrived, when they were recalled, and the work of disembarkation began. The first boat load had scarcely landed when the village burst into flames. Company B, under Lieutenant Hall, was the first ashore, and without the loss of a moment the column started up the steep, rocky hillside of the earthworks. For an hour the broad column of marines filed up the narrow path, eventually taking up a position at the top of the hill.

The victory rests with America's Greatest Medicine, Hood's Sarsaparilla, when it enters the battle against impure blood.

KERR'S CREEK CULLING.

(Gazette Correspondence.)

Kerr's Creek, Va., June 13.—Miss Fannie Hull left for Hot Springs Saturday, where she is with her sister, Mrs. Charlie Pearson, who is extremely ill. Miss Louis Lackey, of Buena Vista, spent last week with her grandmother, Mrs. M. J. Lackey.

Mrs. Charles Lowman and children, of Milboro, is visiting her mother, Mrs. Lewis Hickman.

The strawberry festival which was held at Lowman's Mill on the night of the 4th, was quite a success financially, the total sum cleared was \$31. There was a large crowd considering that a supper was held at the same time.

Mrs. Arch Withrow and son, of Milboro, were on the Creek last week, attending the marriage of E. T. Cummings.

The home of Mrs. Margaret Lackey was the scene of a very quiet but pretty wedding on Wednesday evening the 8th inst. at 4 o'clock, when her daughter Miss Rena was united in marriage to Mr. Eldred Theodore Cummings. The only attendants were Miss Annie L. Penick and Mr. Robt. Withrow.

The bride was attired in a becoming suit of light green cloth, with hat to match. The ceremony was performed by Rev. D. A. Penick. Only the relatives and a few friends of the contracting parties were present. At five o'clock, a reception was given at the home of the groom, where all partook of a bountiful supper.

That night a serenade was given the couple by the young men of the neighborhood. We all congratulate the groom on his good fortune, and wish the bride much happiness.

DISCOVERED BY A WOMAN.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. This writes W. C. Hannick & Co., of Shelby, N. C. Trial bottles free at McCrum Drug Co. Regular size 50c and \$1.00. Every bottle guaranteed.

BATHS BUDGET.

(Gazette Correspondence.)

Rockbridge Baths, Va., June 13.—Favorable weather for ten days past enabled our farmers to make good headway in corn-working, which was previously very much retarded by rains. With corn to work, clover to cut and wheat harvest near at hand, there is no time for the discussion of current events. Some, however, take occasion to have a chat on the church yards, Sunday mornings, which is not a very good preparation for taking in and feeding upon the Gospel.

Dr. McElwee has been, by the session of his church, granted the privilege of omitting any or all of the regular services, during the extreme illness of his wife but filled his pulpit on yesterday as usual, giving to an attentive congregation a sermon full of the very essence of the Gospel.

Mrs. McElwee's friends were for a time encouraged to think that there was a decided change for the better, but, recently, her condition is not thought to be so favorable. Any improvement in her case is hailed with pleasure by anxious friends, and the restoration of her health would be a source of universal rejoicing.

The Baths Hotel, with all its surroundings is now in good trim and in readiness for the entertainment of health and pleasure seekers. Those in quest of either can find no better place.

H. A. Lackey, Mrs. Lackey, their daughter Mrs. Bud Kinnear and child, S. W. Wilson, Mrs. Wilson, the daughter Mrs. Will Kinnear and two children are at Wilson's Springs enjoying the health-giving sulphur water, invigorating mountain air and picturesque scenery of that favorite resort.

Our telephones are up and in good working condition.

EPISCOPAL COUNCIL.

The sixth annual council of the Protestant Episcopal church, of the diocese of Southern Virginia, adjourned Saturday night after an interesting three days' session in Staunton, Bishop Randolph presiding.

The following delegates from Rockbridge were appointed on standing committees for next year: State of the Church, Rev. J. G. Scott, Buena Vista; Elections, Rev. R. J. McBryde, Lexington; Clerical Support, Hon. Wm. A. Anderson, Lexington.

The Bishop's report showed the church to be in a good condition. Collections for the year amounted to \$157,450, that of the Sunday school to \$3,550. Number of communicants, 9,679, and increase of 683. Total property valuation \$981,279. Danville was chosen as the next place of meeting. Grace Memorial church of this place was represented in the council by Rev. R. J. McBryde and Hon. William A. Anderson.

STREET IMPROVEMENT.

The work recently done at the street-crossings on Main street is a great improvement to the appearance of the town as well to the comfort and safety of vehicles. The streets have been carefully cleaned up and put in nice condition for commencement, so as to present an attractive appearance to the many visitors always attracted here on this occasion.

One more improvement is sadly needed, and that is a good sidewalk in front of the cemetery, and it should extend along the entire front. If a brick walk cannot be put down at present then let a gravel one be made. Since the stonewall has been completed at the cemetery and the squares inside put in nice condition, the rough dirt walk outside is not at all keeping.

Last Thursday was observed in Staunton as Confederate Memorial Day. A long procession, made up of police, Stonewall Jackson Camp, Confederate Veterans, citizens in the saddle and in carriages, escorted by the Stonewall Brigade Band, with the United States flag and the Confederate battleflag alongside, wended its way to the Thrush Cemetery, where 2,000 Confederates are buried. Flowers in profusion decked the graves, and hundreds of miniature Confederate flags waved over the mounds. The handsome monument of a private at parade rest was banked with fragrant flowers. Hon. R. S. Parks, of Luray, was the orator of the day, and he made an eloquent and patriotic speech.

A number of teachers, mostly from Lexington and the immediate vicinity, took advantage of this most liberal offer on the part of the professors of the University.
